ABOUT ME

I believe in creating functional and visually engaging designs by aligning business goals with user research and personas. Through iterative prototyping, usability testing, and A/B testing, I refine experiences that meet both user needs and business objectives.

PROFESSIONAL EXPERIENCE

2025 – 2026

AMBSAN TECHNOLOGIES | UI/UX DESIGNER | PROJECT ASSISTANT

Project Leadership: Led the design direction for various projects, ensuring the alignment of design solutions with user needs and business goals.

Usability Testing & Feedback: Conducted comprehensive user research, usability testing, and A/B testing to enhance design quality and optimize user experience.

ERP System Implementation: Coordinated with teams to ensure smooth implementation and customization of ERP solutions for clients.

Client Meetings & Communication: Managed client meetings, ensuring clear communication of goals, timelines, and expectations for satisfaction and alignment.

Team Coordination: Worked closely with team and clients to meet milestones, ensuring timely delivery of project requirements.

2024 – 2025

CROSSWAY CONSULTING | UI/UX DESIGNER & GRAPHIC DESIGNER

Web Design: Worked with WordPress, handling design changes and coordinating with the team to ensure effective project delivery.

High-Fidelity UI Design: Created high-fidelity designs, ensuring that all design elements were consistent with branding guidelines and usability best practices.

Social Media Management: Created and managed engaging posts, ensuring brand consistency. Handled scheduling, audience interaction, and community engagement to boost brand presence.

2021 – 2024

ARTHUR LAWRENCE | UI/UX DESIGNER

UI/UX Design: Designed user-friendly interfaces for websites and mobile apps using tools like Adobe XD, Figma, and Sketch, ensuring a seamless user experience.

Usability Testing: Conducted comprehensive user research, usability testing, and A/B testing to enhance design quality and optimize user experience.

Prototyping & Wireframing: Created wireframes, prototypes, and interactive mockups to streamline the development process and visualize design concepts effectively.

Branding Materials: Developed branding materials, including logos, brochures, posters, and social media graphics to maintain consistent brand identity across platforms.

DESIGN APPROACH

I believe in creating designs that focus on the user's needs, ensuring every product I work on is functional, intuitive, and visually engaging. I start by thoroughly understanding the business objectives, performing user research, and developing personas to guide design decisions. I use iterative processes such as prototyping, usability testing, and A/B testing to refine the user experience, ensuring the final product meets both user expectations and business goals.
